Professional Experiences

Digital Marketing & Creative Services Consultant | Flowmidia

Aug 2016 – Present

- Founded and scaled a full-service creative agency delivering branding, digital marketing, website development, multimedia production, and strategic communications for corporate, education, nonprofit, healthcare, engineering, renewable energy, and faith-based clients.
- Lead end-to-end marketing initiatives including SEO, paid media, email marketing, social media, conversion-focused campaigns, analytics, and AI-assisted workflows that improve brand visibility, audience engagement, and lead generation.
- Design responsive WordPress websites, landing pages, UI/UX interfaces, visual identities, and digital assets using Figma, Adobe Creative Suite, Framer, and HTML/CSS principles to strengthen usability and conversion performance.
- Produce commercial videos, educational media, documentaries, photography, drone content, motion graphics, and corporate storytelling while directing scripting, production, editing, post-production, and creative quality standards.
- Partner with churches, nonprofit organizations, educational institutions, and community outreach programs to create mission-driven communication strategies, educational resources, and multimedia campaigns supporting engagement and organizational growth.
- Manage consulting, business operations, client relationships, proposals, project planning, budgets, KPIs, and cross-functional collaboration while maintaining long-term partnerships across North America and Brazil.

Web Designer & Multimedia Marketing Specialist | Agência ECOS Publicidade e Propaganda

Feb 2013 – Aug 2018

- Designed responsive websites, landing pages, UI/UX concepts, branding systems, and digital marketing assets supporting more than 30 client accounts while improving user experience, online communication, and lead generation performance.

- Developed integrated marketing campaigns including graphic design, social media content, email marketing, advertising materials, and multimedia communications that strengthened brand consistency across digital and print platforms.
- Produced promotional videos, institutional content, photography, motion graphics, and visual storytelling projects from concept through post-production, supporting corporate communications and multi-channel marketing initiatives.
- Collaborated with designers, developers, marketing teams, and stakeholders to deliver creative projects on schedule while maintaining visual standards, campaign quality, and effective client communication.
- Supported event marketing, corporate communications, promotional initiatives, and multimedia production that increased organizational visibility, audience engagement, and long-term client relationships.

Multimedia Designer & Corporate Education Specialist | ELFUTEC – SOITIC Group

Aug 2015 – Feb 2016

- Produced more than 80 educational videos supporting onboarding, leadership development, workforce training, English instruction, and professional education through engaging multimedia learning experiences.
- Managed end-to-end multimedia production, including scripting, filming, lighting, audio, editing, motion graphics, and post-production while maintaining instructional quality and brand standards.
- Designed training manuals, presentations, instructional graphics, infographics, and digital learning materials that improved knowledge transfer, employee engagement, and organizational learning outcomes.
- Collaborated with executives, instructional designers, and subject matter experts to develop accessible multimedia content and online learning resources that enhanced workforce development, internal communications, and enterprise training effectiveness.

Procurement, Finance & International Trade Analyst | Alcoa Aluminum S.A.

Aug 2013 – Jan 2015

- Supported procurement, finance, supply chain, and international trade operations by coordinating supplier communications, contracts, logistics documentation, export processes, and cross-functional activities.
- Developed KPI dashboards, executive reports, and automated spreadsheet solutions, improving reporting accuracy, operational visibility, decision-making, and process efficiency.
- Monitored domestic and international shipments, supplier performance, procurement metrics, and transportation activities while ensuring compliance, documentation accuracy, and operational continuity.
- Assisted sourcing teams with supplier evaluations, competitive bidding, contract administration, purchasing activities, process improvements, workflow automation, and data analysis to enhance procurement efficiency and cost management.

Selected Projects & Clients

Faith-Based & Nonprofit Communications

- Produced documentary-style videos, educational content, fundraising campaigns, and multimedia storytelling for churches, Christian artists, nonprofit organizations, and community outreach initiatives, strengthening public engagement, volunteer participation, and mission-driven communications.
- Created visual communication strategies supporting educational ministries, leadership events, healthcare outreach, children's programs, and faith-based community initiatives aligned with organizational missions and public service.

Apollo Engenharia | Construction & Engineering

- Produced 30+ construction progress and institutional videos documenting project milestones, supporting client acquisition, stakeholder communication, and corporate branding throughout a six-month production engagement.
- Managed planning, filming, drone operations, editing, and post-production while translating technical engineering activities into compelling marketing and corporate communication assets.

Continuum Solar | Renewable Energy

- Delivered more than 20 marketing videos, 15 operational productions, and complete visual documentation for 10+ commercial solar installations supporting customer education, digital marketing, and brand awareness.
- Produced photography, drone footage, and educational multimedia content optimized for websites, presentations, sales materials, and social media campaigns.

Corporate Events & Healthcare Communications

- Produced multimedia coverage for more than 20 corporate events, healthcare conferences, executive meetings, product launches, and institutional programs for organizations including Hospital Israelita Albert Einstein and Libbs.
- Delivered executive interviews, promotional videos, photography, and internal communication assets supporting employee engagement, organizational branding, and corporate communications.

Education & Corporate Training

- Produced 80+ educational videos and multimedia learning resources supporting onboarding, leadership development, professional education, English instruction, and workforce training through engaging digital learning experiences.
- Developed instructional media, presentations, and visual communication assets that improved knowledge transfer, learner engagement, and organizational education initiatives.

Entertainment & Tourism

- Produced audiovisual content for national concert tours, destination marketing, and more than 50 organized travel experiences, delivering photography, drone footage, promotional videos, and digital storytelling for audience growth and brand visibility.
